MESSAGE FROM THE PRINCIPAL

It gives me immense pleasure to welcome our new students and returning members of the G.C. Foster College community for the 2017-18 academic year. We are excited about the college’s prospects for the upcoming year.

Education is not merely an acquirement of facts but also of values which help us improve the different facets of mankind. It ensures that we leave the world a better place than we found it. I would exhort students to be always modest, humble and disciplined while being ready to take on the rigors of day to day life. I laud the relentless efforts of our lecturers for giving their best in bringing out the best in each student.

The aim of our institution is to educate the student to think and not what to think. In the words of Dalai Lama, “when educating the minds of our youths, we must not forget to educate their hearts”.

As new students at G.C. foster College, you are going to have questions. Our mission and vision for the institution is designed around you, helping to uncover the answers to the questions you have, and providing you with information about campus resources, programmes and services.

We live in an era where Facebook, Instagram, snapchat, twitter, WhatsApp can help in increasing knowledge, solving problems and overall assist in the communication process. ‘Students’ you have entered an institution that has a reputation of producing not only excellent coaches, but excellent P.E. Teachers, Massage Therapist, Fitness Trainers and world class athletes.

Students you are privilege to join us at a time when higher education is undergoing rapid and dramatic transformation. In order for us to maintain the great reputation of this noble institution, we have basic rules that governs this College.

- Proper grooming
- The use of civilized language
- We do not tolerate academic dishonesty, fighting, stealing, sexual harassment,

I implore all students to read the Handbook that governs the rules of the institution. The philosopher Alfred North Whitehead once said that, “The art of progress is to preserve order, amid change, and to preserve change amid order”. That will be your task, to preserve what G.C. Foster has been and has stood for since 1980.

It is my great honour to welcome you all, hoping that you will make a positive contribution to this honorable institution, G.C. Foster College of Physical Education and Sport.

Thank you very much.

Maurice Wilson

Acting Principal

Mission Statement

The mission of the GC Foster College of Physical Education and Sport is to “contribute to social and economic development through the optimal preparation of Physical Education teachers, athletes, recreation and sports specialists; utilizing qualified personnel and contemporary resources”.

Our Motto

“A sound mind in a sound body”
G.C. Foster College: A Synopsis

The G.C. Foster College of Physical Education & Sport, which operates as a full-time residential institution, is established on approximately forty-one (41) acres of land, at Angels, Spanish Town, St. Catherine, Jamaica off the main highway leading from Spanish Town to Linstead and is approximately twenty (20) miles from Kingston, the nation’s capital. It was the first of its kind to be established in the English Speaking Caribbean in September 1980.

The College was named as a tribute to Gerald Claude Eugene (G.C.) Foster, a man of outstanding and versatile sporting talent, who dedicated himself to the pursuit of excellence in all his sport-related endeavours. With intelligence, discipline, study, application, perseverance and self-assurance, ‘G.C.’ overcame the almost insurmountable handicaps of training and performing in the under-developed environment of Jamaica in the early 20th Century. He went within a percentage point of the world record for the 100 yards dash and was a Nemesis of International stars, though Jamaica was not then a participant in international games. G.C. Foster later distinguished himself at Cricket, Football and Tennis. Inevitably, he bore the stamp of success in the best sporting traditions, with natural flair and a character and personality distinctly his own. As coach, masseur, and a player of bridge and chess in his later years, he was the greatest colleague for one to have. It is as a tribute to this monumental and unforgettable Jamaican sportsman that this institution is named “The G.C. Foster College of Physical Education and Sport”.

The College currently offers certificate, diploma and degree programmes in Physical Education and Sport.

- reasonably indicates that the student is unable to successfully complete current academic requirements of the College.

CONDITIONS OF PASSING
POST DIPLOMA - BACHELOR OF PHYSICAL EDUCATION

INCOMPLETE GRADES

A grade of incomplete may be recorded at the discretion of the Lecturer when a student, is unable to complete the requirements of a course in which he or she is registered during the current semester. A student who receives a grade of incomplete will be responsible for assuring that all course requirements are completed within one year of issuance, or sooner if required by the Lecturer. A grade of incomplete which has not been changed by the Lecturer within the year allowed for course completion will automatically become a failure.

GRADE APPEALS

Academic grading reflects careful and deliberate judgment by the faculty member instructing a course. However, the college recognizes that there may, on occasions, be error or injustice in the determination of a final grade. Any student, who believes that a final grade involves an error or a palpable injustice, should present the case to the course Coordinator who may effect a settlement upon written agreement with the Lecturer. If the student is not satisfied with the result, the case should be presented to the Registrar in writing who will take the matter to the Academic Board. The result of the Academic Board is final.

TRANSFER OF CREDITS TO DEGREE PROGRAMME

Students may request transfer of credit to the Degree Programme, however, the student will have to supply a transcript and a final grade of 3.0 GPA or higher, subject to review by the Examination Board.

WITHDRAWAL FROM THE PROGRAMME

A full-time student who wishes to withdraw in good standing from all course work in progress during the current semester at the college must consult with the degree office and coordinator. He/she will file all appropriate forms. If the student subsequently wishes to resume full-time undergraduate study; a change of status form must be submitted.
A Part-time student who wishes to withdraw in good standing from all course work in progress during the current semester must consult with Programme Coordinator. Any student who no longer wishes to pursue an undergraduate study must provide written notification to the Programme Coordinator. The student will be required to re-apply for admission to the programme.

ATTENDANCE

Regular attendance for classes is expected of all students and maybe a course requirement. Frequent absence (beyond 5% per semester) can result in a lowered or failing grade, possible course failure or withdrawal from the programme. A written explanation must be given for absence from class. If you are absent on a day when an assignment is due you may be allowed to hand in or do a make-up assignment if the absence is officially reported and at the discretion of the lecturer. No exam or makeup will be available for more than one week after the absence.
COURSEWORK/WRITTEN EXAMINATION

All course work, examinations, projects, written and oral reports and participation in classroom activities are prescribed solely by the lecturer in charge of the course and approved by the appropriate department.

All assignments must be completed within the stipulated deadline by the lecturer. A grade must be submitted at the end of each semester for each student registered in the course.

Lecturers will discuss the evaluation policies and procedures for each course at the start of the course and should be included in the course outline.

Final examinations are scheduled by the Examination Section of the Registrar’s Office. All final examination will be held during the official examination period.

Student in the Diploma Programme must receive a passing grade of minimum of C- in each course to remain in the programme. A student may repeat a course for which a failing grade was awarded.

A student who has failed courses totaling more than 12 credits for the academic year is considered an outright failure. Student who have failed courses totaling 12 credits within his/her specialization will be deemed to have failed the examination as a whole.

Degree students

Student in the Degree programme must receive a passing grade in both the coursework and the examination.

Courses that are examined by coursework will be assigned a minimum of four (4) pieces of work and a maximum of five (5).

Students will be required to repeat a course for which a failing grade was awarded.
LATE ASSIGNMENTS

Submission of late assignment will not be accepted unless permission has been granted by the department or lecturers.

MISSING AN EXAMINATION/TEST

The final teaching practice for the Bachelor of Education in the secondary programme takes place in Year 4. This final Practicum gives student-teachers the opportunity to demonstrate their skills in teaching and to be evaluated on their potential to be effective classroom teachers. Bachelor of Education student-teachers will complete four practicum placements, as set out below:

Absence on the Day of Assessment

If students are absent on the scheduled date, they must produce a medical certificate, in the case of illness, or other documentation which explains absence due to other factors. Their final assessment should then be rescheduled.

Students will not normally be granted an aegrotat for the Teaching Practice unless their illness has been for an extended period and they have completed at least 10 weeks of the exercise.
Students should also be advised that if they are not seen in the final assessment activity, they are handicapping themselves as this is worth 40% of their marks and it is, therefore, unlikely that they will gain the required passing grade for the Practicum.

**Pre-requisite for Final Practicum is successful completion of methodology courses and identified professional and content courses. A student has no more than two chances to repeat the final internship.**

**During the Practicum experience, student-teachers are expected to:**

1. Comply with and enforce established rules and regulations of the host school, particularly those that relate to dress, absenteeism, punctuality and conduct;
2. Be professional in their relationship with students, teachers, non-teaching staff and parents;
3. Notify the College Supervisor and the school in the event of their illness or late arrival;
4. Give respectful consideration to the Host/Mentor teacher’s methods (he/she has final responsibility for the class);
5. Give respectful consideration to suggestions offered by the College Supervisor;
6. Accept constructive criticism as a learning tool;
7. Ask questions when information about or clarification of an issue is needed;
8. Prepare thoroughly and thoughtfully for each day, with adequate advance time, during the Practicum;
9. Plan and execute some creative and innovative ideas;
10. Accept other responsibilities outside of as well as within the classroom;
11. Maintain good communication lines between themselves, the Host/Mentor Teacher and the College Supervisor;
12. Assume the professional roles and responsibilities of a classroom/subject teacher;
13. Demonstrate commitment to the children and learning;
14. Systematically reflect upon their practice and learn from the experiences.

**Resits**

Student teachers are given only two chances to repeat the practicum exercise. If a candidate exhausts his/her chances, he/she must discontinue the programme.

ALL students re-sitting the teaching practice exercise MUST be included in the sample seen by the external team and should therefore be identified on the grade sheets submitted by the college.
“Education is the ability to listen to almost anything without losing your temper or your self-confidence.”

“Do not train a child to learn by force or harshness; but direct them to it by what amuses their minds, so that you may be better able to discover with accuracy the peculiar bent of the genius of each.”

CODE OF CONDUCT

Conduct
The College has assumed that students accepted are familiar with the rules governing the proper conduct of mature, responsible adults, and that they will voluntarily observe these rules. This concept formulates a basic standard of behaviour, which requires that a student will not:

1. Violate any social or statutory laws, and
2. Interfere with or disrupt the orderly educational training processes of the College.

All students share facilities with other students, lecturers and administrators serving at the College. Students must therefore respect the rights of others and honour the established regulations. Students are advised to adhere to the procedure outlined as failure to uphold the rules may result in action to face the Disciplinary Committee for a ruling.

Dress Code
Students are required to wear uniforms and must conform to the general rules and regulations with regards to uniform and overall grooming for male and female. Students should conduct themselves in a manner that is conductive to socially accepted behavior as persons are trained to become professionals.

Alcohol and other Drugs
The College recognizes alcoholism and drug abuse as treatable disorders and will work with affected individuals, but it is the individual’s responsibility to seek help. The use of illegal drugs is prohibited and the College will comply with the laws of the country regarding the use of illegal drugs. Drugs should not be used on campus or while pursuing college-related activities. Being under the influence of drugs and/or alcohol will result in disciplinary action being taken and possible dismissal.
Smoking
Smoking is not allowed in classrooms or any other building.

Class Attendance
Students are expected to attend classes in which they are enrolled. This will provide the best opportunity for optimum academic performance. Students are expected to inform lecturers of reasons for absence and ensure that assignments are completed by the specified timeline. A 90% attendance is expected for certification. Failure to observe these regulations can result in an allotted mark “Inc” which represents incomplete status.

Sexual Harassment
Sexual harassment is defined as an attempt to coerce an unwilling person into a sexual relationship or to subject a person into unwanted sexual attention, or to create a sexually intimidating, hostile or offensive environment. Sexual harassment is generally understood to include a wide range of behaviours from the actual coercion for sexual relation and other unwelcome or inappropriate behaviour.

Complaints about sexual harassment will be promptly investigated and dealt with appropriately. The right to confidentiality of all members of the GC Foster academic community will be respected in both informal and formal procedures. Knowingly or willingly making a false claim of sexual harassment is subject to discipline up to but not limited to suspension from the College.

Pregnant students
Residential students who are pregnant during their course of study will be asked to leave the dorm and seek alternative accommodation.

OFFENCES AND DISCIPLINARY ACTIONS

It is anticipated that students may breach the college’s code of conduct. Where such breaches may occur, the college reserves the right to apply the appropriate sanctions. Offences are categorized in three (3) areas namely: **Minor and Major and Gross**. The sanctions for the offences are as follows:
Minor Offences and Sanctions

Minor offences and punishment are classified to be, but not limited to the following:

1. The use of cell phones is not permitted during lectures (unless otherwise stated by the lecturer). The use of these instruments during lectures can result in the student being asked by the lecturer in charge of the course to leave the classroom. After two offences, the matter should be reported to the relevant personnel (Programme Coordinator, or the Registrar).

2. Unauthorized vending on the premises is not allowed. Violation of this rule can result in the seizure of the items.

3. The dress code at the College is professional. An unacceptable manner of dressing can result in the restriction of the individual(s) from entering the College compound.

5. The use of obscene, offensive or abusive language on the premises is considered an offence. Punishment for this behavior can range from verbal reprimand, written warning to suspension not exceeding five (5) days.

6. Students should not attend school under the influence of alcohol or any other prohibited substance. If this occurs, they will be sent off the compound and could be suspended for a period up to but not exceeding three days.

7. Gambling on the premises of the College is an offence and violation will result in immediate suspension for a period up to but not exceeding three days.

8. Disruption or an attempt to disrupt any legitimate activity of the College is not allowed. Any attempt to do so will result in restriction from designated areas as well as other disciplinary actions in accordance with the offence.
Major Offences

Major offences are, but not limited to:

1. *Smoking* in classrooms is *prohibited*. Failure to comply will result in not less than two weeks suspension from the College.

2. Fights should not occur between students or students and staff, as there are alternative measures (lecturers, programme coordinators, guidance counselors etc.) in place to clarify misunderstandings and/or resolve conflicts. If this occurs, offenders will be reprimanded verbally or in writing and where this exceeds the college’s jurisdiction, the matter will be reported to the relevant authority.

3. Weapons (knives, ice picks, guns, axe-saw blades or any other sharp instruments) should not be brought on the College compound. Should any of these items be used to inflict injury to anyone will automatically result in expulsion from the College. It is also a criminal offence to be in possession of any unauthorized firearm, lethal weapon or instruments hence the police will also be notified if any such item is found on the property.

4. Students are expected to display honesty and integrity. Students caught stealing, whether it be property of the College, employees or other students, could be banned for up to one-year from their programme of study. The offender could also be taken within the realms of the court for prosecution, if the crime warrants such action.

5. Malicious damage to the College’s property (computers, desks, chairs etc.), property of employees or other students is unacceptable. Violation of this will result in those involved taking full financial responsibility for cost of the item(s) within an agreed time limit.
6. Plagiarism is considered a major offence. This includes dishonesty in an examination, etc. Plagiarism is a form of cheating. This includes presenting other persons work as your own.

7. Sexual harassment on the campus is not tolerated. This includes unwelcome sexual advances, unwanted request for favours of a sexual nature, and any other verbal or physical conduct of a sexual nature. Persons violating this rule can be expelled, depending on the circumstances. If the incident goes beyond the point mentioned above (examples: physical assault and battery), then it becomes a criminal offense, which is a legal matter and will be dealt with accordingly. All allegations of sexual harassment against staff members or students must be submitted in writing to the Principal, and will be thoroughly investigated. Disciplinary action will be taken where necessary.

8. The use of drugs is illegal; hence the College will comply with the laws of the country regarding this matter. Over use of alcohol to the point where it affects the individual behavior, can result in disciplinary actions such as suspension and or discontinuation of programme. The College also recognizes that drug and alcohol abuse can be treated and will work with individuals identified with such problems to get help.

9. Students should refrain from any activity that is likely to cause injury to persons or property as such involvement will result in a fine to recover, repair damages or cover medical bills.

10. Students should not threaten any employee of the College as this could result in a written warning or report to be placed on the student’s personal file, a suspension, or reporting the matter to the police.
**Gross Offences**

Gross offences are but not limited to:

1. Repeated offences from the list of major offences
2. Unacceptable behaviours which goes beyond the institution’s Boundary
3. Offences occurring on or outside the college’s compound which may reflect negatively on the overall image of the college.

Health Services
The G.C. Foster College offers a comprehensive approach to health care. There is a full time Nurse and Physiotherapist on staff. This ensures prompt referral for specialist care and in house treatment. The College is only responsible for injuries, which occur while engaging in on Campus or off Campus College related activities. An Accident Insurance is also available which covers the students at all times during the academic year.

A detailed medical report is an important entry requirement. This is used to screen new students and to prevent the entry of students with medical conditions, which are contra-indicated to strenuous physical activities and cannot be controlled by medication.
Physiotherapy
The Physiotherapist is responsible for this department, and is the one who provides treatment for the entire college community.

Medical Policy
There are physical activities listed in the G.C. Foster College Curriculum that could affect some medical problems. Once students enroll in the College with a signed medical certificate from their doctor stating that they are physically fit, the College is not liable for pre-existing medical problems.

Clinic and Sick-Bay
The College Nurse is in charge of this area, and she treats the students. In extreme cases she refers them to the College Doctor. Upon registration students are required to hand in an authentic Medical Referral Form to the Nurse or an authorized person in charge. All students are required to be covered by a Group Accident Insurance Policy.

Bursary
The Director of Finance is head of this section and has the responsibility for all the financial business of the College. This department maintains each student’s financial account.

Housekeeping and Catering Service

Meals are served in the dining room at scheduled times for full time students and also for part-time students who purchase lunch tickets. Lunch tickets may be purchased at the Accounts Department.

Applications are reviewed and applicants later informed of the decision made. Successful applicants are required to pay a nonrefundable room deposit of a minimum of 10% of the boarding fees to guarantee a living space. After a student’s deposit has been received, he/she will be assigned a room.

RULES AND REGULATIONS

Room Assignments

- Each boarding student will receive a room key to his/her assigned room when he/she registers for his/her room at the check in station during registration. Room assignments are made on a first-come basis.

- Students who do not obtain room assignments will be placed on a waiting list according to the payment date of their room deposits and will be assigned to rooms when vacancies occur. Because of the uncertainty of vacancies, it is the responsibility of each student on the waiting list to seek alternative housing.

- Residents should keep room keys with them at all times. Moreover, residents should never lend their keys to their rooms to friends or any residents.

- All room assignments are made for the entire academic year (fall and spring semesters) unless a resident leaves the college before the academic year ends. - The resident will then receive a copy of the withdrawal form *(available at the registry)* which will indicate any charges against him/her for damages, discrepancies or losses.
- Damages may include destruction of college property and/or defacing of walls and doors (graffiti, etc).
- The resident must then return his/her room key to the warden, registrar or other delegated personnel. Any unpaid charges remaining after the resident has departed will be placed on a “HOLD List,” which may hinder the resident from registering or receiving a transcript.

THE COLLEGE SONG

KEEP THE EXCELLENCE OF LEARNING IN YOUR MIND

By: Andrew Gayle

We grow from strength to strength
And fill our hearts with pride
It's good the time we've spent
We are feeling good inside
And now you're here with me so
So keep this song with you
Do your best and leave the rest
For the good Lord to see you through

Chorus:

Keep the Excellence of learning
In your mind
And let the light of G.C. Foster
Ever shine

We grow to high success
We really persevere
And now we are the best
Our kind is really rare
But now you're here with me
So keep this song with you
Do your best and leave the rest
For the good Lord to see you through

Chorus

Never stop until you've reached the top
Never say you can't or you cannot
There are times when things get really rough
Never say O Lord I've had enough
Cause when you start believing
You'll never stop achieving
